

CUB HANDICRAFT CHART NO.3

PLASTER PLAQUES

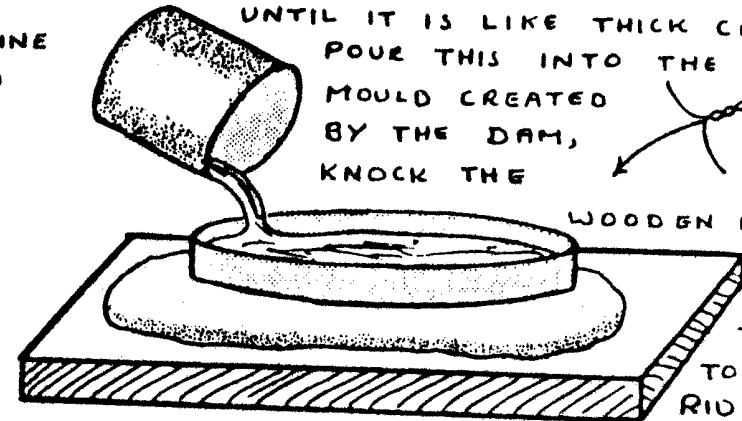

FIRST TAKE SOME PLASTICINE AND FLATTEN IT OUT ON A PIECE OF BOARD... MAKE SURE THE PLASTICINE IS PERFECTLY SMOOTH. NOW PRESS THE OBJECT YOU WISH TO HAVE ON YOUR PLAQUE CAREFULLY INTO THE PLASTICINE AND THEN AS CAREFULLY REMOVE IT, LEAVING AN IMPRESSION.

NEXT TAKE SOME NARROW CARD AND MAKE A DAM AROUND THE IMPRESSION, PRESSING THE CARD INTO THE PLASTICINE. THE ENDS OF THE CARD ARE HELD BY TWO GEM CLIPS AS SHOWN HERE

MIX SOME PLASTER OF PARIS UNTIL IT IS LIKE THICK CREAM. POUR THIS INTO THE MOULD CREATED BY THE DAM, KNOCK THE WOODEN BASE NOW AND THEN TO GET RID OF

ANY BUBBLES. WHEN THE PLASTER IS ALMOST SET, PRESS A WIRE HOLDER INTO THE STILL WET PLASTER, AND THEN LEAVE THE PLAQUE TO DRY.

WHEN IT IS PROPERLY SET, REMOVE THE MOULD AND RUB THE EDGES OF THE PLAQUE WITH FINE SAND PAPER. FINALLY PAINT THE PLAQUE AND HANG IT ON THE WALL
